Chers collègues,

For the past five years, Le Français en Ecosse has been involved in the training of Primary School Teachers in Scotland as part of the MLPS programme put into place by the Scottish Executive.

We have also been running immersion courses in France both in Lyon and Salignac. In 2004, 100 Primary teachers from all over the UK attended our courses, benefiting from funding support from the British Council through Comenius 2.2.

We are now involved in secondary education with seminars organised for secondary teachers and conferences for higher/advanced higher students.

All our tutors are qualified native speakers, with experience in MFL teaching at all levels. We can also organise some of our courses in German, Spanish and Italian.

Please do not hesitate to contact me to book a course or should you require any additional information. Courses throughout the rest of the UK/Ireland can also be organised.

Cordialement,
Richard Tallaron
