

Friday afternoon Exam Revision sessions for Secondary School Pupils in Edinburgh and the Lothians

French / Spanish

- Would you like the pupils in your school to benefit from contact with a native speaker of **French** or **Spanish**?
- How about LFEE running exam revision sessions on Friday afternoons as an out-of-school-hours provision?
- Your school will only have to provide the classroom(s)!

Over the years, our teachers have been visiting all secondary schools from Scottish Borders Council and East Lothian Council on a weekly basis, providing assistance to their Modern Foreign Languages teachers.

We are now pleased to offer pupils in Edinburgh and surrounding Local Authorities the chance to consolidate their language skills around the time of their exams, by offering **Exam Revision Sessions** on a **Friday afternoon** with our native **French** or **Spanish** tutors.

- We can organise one workshop on a Friday of your choice or run a series of workshops on consecutive weeks.
- Programme of workshops will be made to suit the needs of your pupils and can be discussed with the school.
- We can provide intensive revision courses for pupils sitting their Standard Grade, Higher Grade and Advanced-Higher grade examination, aimed at developing their confidence in the four skills, as well as their cultural awareness of France or Spain.
